Madhuban Garden Restaurant was opened in 1999 and became the first restaurant in the vicinity. The restaurant had modest beginnings until the residents of Aurangabad were introduced to the Managing Director's eagerness to achieve service excellence. The food quality at Madhuban was the primary reason why customers flocked to it every night of the week. Customers were greeted upon arrival by the owner himself!

Over the years the restaurant has been a host to a number of private parties, group gatherings and thousands of happy guests. Most restaurant guests remember Madhuban fondly as the place with the toy train!

After 2002 Madhuban Garden Restaurant focused on families and thereby became one of the very few dining destinations that was away from the hustle and bustle of the city, had excellent food and most importantly had ample play area for children. The concept of the restaurant was simple, keep the children busy so that the parents could enjoy their meals.

The Madhuban Garden Restaurant was recently renovated and rechristened as "Madhuban Kaleidoscope" and opened its doors for eagerly awaiting guests on 1.2.12.

Madhuban Kaleidoscope has two separate restaurants, Madhuban, the Local Favorite and La Pizzeria / Little Italy, the Authentic Vegetarian Only Italian and Mexican Restaurant.

Today, The Madhuban Kaleidoscope offers Fine Dine, Lounge Bar, Italian Restaurant, 3 banquet Halls, Open Terrace, Party Lawn, Kids zone etc. Tastefully refurbished to include the latest in business and state-of-art facilities, yet retaining the elegance. The catering services are overseen by Grand Executive Chef, while a retinue of banquet planners and hospitality personnel ensure every event is managed with clockwork precision.
