RESTAURANTS AND LOUNGE SERVICES

Whether it's celebrating a resounding success or a deserving relaxed evening, after a hectic day at work- Yogi Midtown presents a bouquet of choices that will make your evening truly memorable.

BLEND "N" BREW

Raise a toast to your spirits at this mature and moody lounge bar. You can groove to lounge music or just relax on the leather bar stools as you drool your way through a wide selection of single malts, signature cocktails, vodkas. Blend N Brew also brews up select and soaring flavours of assorted coffees and cappuccinos at its 24 hours coffee shop.

A perfect start to a perfect evening!

NAANS & NOODLES

The signature chic restaurant is the place to go when you have built an appetite for all things special. This speciality restaurant guarantees guests a unique dining experience- rather journey, into the heartlands of India and China. Original and robust flavours and, traditional recipes handed down over generations. Savour delectable seafood specialities or poultry or, the enticing vegetarian selections, all paired with perfect wine and champagne for the discerning diner.

TANGADI

Before you wind up for the night, a must visit is the alfresco restaurant occupying the top section of the hotel. With the most authentic tandoori dishes, Indian kebabs and international specialities served under a breezy night sky, Tangadi creates an ambience where romance is truly in the air. Sip on chilled champagne or the choicest wines from around the world as the stars above take you on a dreamy odyssey deep into the night.

RECREATIONAL FACILITIES

The right preparation always creates a winner. Prepare yourself for the day ahead with an early morning energy-packed workout, at the modern gymnasium. Feeling sweaty? Take a refreshing dip in the open air swimming pool/ Jacuzzi. Your day ahead is just getting better.

CONFERENCES AND BANQUETING FACILITIES

Pre-empting the business needs of each guest, Yogi Midtown's conference facilities offer well-equipped banquet halls for a variety of corporate events, seminars, business and social events. The Hotel undertakes complete event management services for its clientele enabling them to create the right impression on their invites and ensuring a resounding success in their endeavours.

SAFETY FEATURES OF THE HOTEL

Hotel Yogimidtown, New Mumbai has full contingency precautions in place to look after its guests in the event of an emergency.

Fire Emergency Plan

The hotel is equipped with a fire system approved by Navi Mumbai Fire brigade detection is through an in-house fire indication panel manned 24 hours and which is monitored by an external consultant.

Regular Drills

The hotel has three fire drills per month and all operational staff are trained in fire fighting skills. In case of fire, the HEAT (Hotel Emergency Action Team) members will respond immediately to resolve the situation. As required by law, the hotel also conducts two full hotel fire evacuation drills per year.

The hotel has a Fire Safety Manager and a Fire Safety Officer who are responsible for eradicating all fire hazards and obstructions within the hotel's premises. They are also responsible for ensuring that the Fire Life Safety System is maintained and in order at all times.

Security

The hotel has a comprehensive Fire Emergency Manual Plan which is tested twice a year during the mandatory annual evacuation drill conducted jointly with the Fire brigade department updated where required. In case of an emergency, the authorities (i.e. police) will only take ten minutes to arrive at the hotel.

The management team is trained to handle all emergencies with guest and staff safety as our first priority.

Our security team monitors all activities closely via CCTV, aided by the use of the Electronic Guard Tour Patrol System and the availability of the hotel's 24-hour strategically located CCTV cameras on and around the hotel's premises, covering public areas.

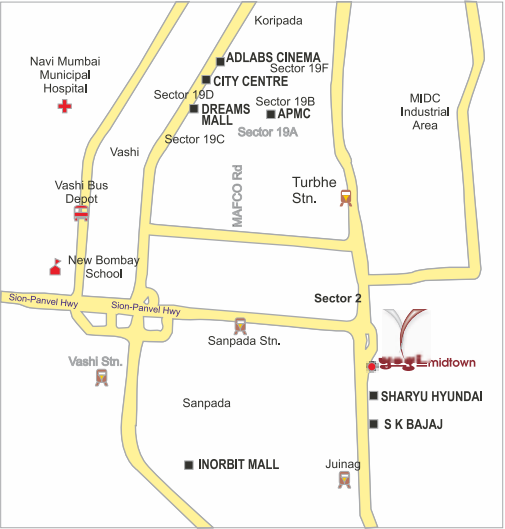

Location

- There are two specially designated routes for fire engine and ambulance access allowing prompt and convenient access to the hotel.

Electrical Back-up

- The hotel's back-up generators are capable of supplying and maintaining the operation of essential systems. These generators are fully maintained and tested regularly.
